Cheria McDonald, NASSNC Treasurer
 O.U.R. Education Cooperative
 5823 Resource Drive
 Harrison, AR 72601

In the Bylaws, these are the membership classifications listed:

Section 1. Classes of Members.

- a) Active membership shall include professional registered nurses employed by a State Department of Education and/or State Department of Health, or other title as these agencies are known in individual states for nurses who assume the nursing responsibility for statewide consultation for school health services. Similar positions from the District of Columbia, U.S. Territories, or other countries may also become active members if their application for membership is approved by the Executive Committee. Active membership status requires payment of annual dues.
- b) Associate membership is available to prior active members of NASSNC who have formerly held the position as state school nurse consultant, and have left that position but are not retired from fulltime employment. Associate membership status requires payment of annual dues.
- c) Retired membership status is available to retired prior active members of NASSNC. Retired members status requires payment of annual dues.

Section 3. Privileges of Membership.

- a) Active members in good standing shall have one vote upon each matter submitted to a vote at any meeting of the Corporation or by electronic ballot and retain all privileges of membership.
- b) Associate members may continue to serve as members of committees, attend meetings, receive membership mailings, and serve as official representatives of the Association when appointed by the Executive Committee. Associate members are not eligible to be elected to office or to vote and may not serve as a committee/workgroup chair.
- c) Retired members may serve on committees and as committee chairs, if appointed by the Executive Committee. They may not be elected to office, but otherwise retain full member's rights.
